Walking from The Hague Central Station (10 minute walk)

Take either of the two exits from the The Hague Central Station (situated in close proximity to each other). Depending on the exit taken, you will notice a green park directly to your right or ahead of you. Walk in this direction and follow the footpath along the left perimeter of the park, with a canal to your left. Turn left at the first set of traffic lights into Korte Voorhout. Turn left into Lange Voorhout (just after the Koninklijke Schouwburg). RBB is situated immediately to your left.

Driving on the A12

Heading northwest on the A12, take a slight right at Boslaan/A12 (signs for hoek van Holland) and continue to follow Boslaan. Turn left at Zuid-Hollandlaan, take the next left into Koningskade, and then right into Korte Voorhout. Take the third left turn into Lange Voorhout (just after the Koninklijke Schouwburg). RBB is situated immediately to your left.
